Commenting on the performance Mr. Ranjit Lala Managing Director, Kilburn Engineering Limited said:

Kilburn reported a record revenue for the half year with sustained demand visible across most of our domestic and export end markets. Order intake and backlog numbers remain on track. We will continue in our endeavor to make Kilburn Engineering Limited a leading global player for drying solutions and deliver world class quality and cost effective equipment on time, every time !

Outlook

With the current flow of orders and pending order book the Company expects a substantial growth in its revenue in the current year with a substantial improvement on all operating parameters.

The company operates primarily in sectors such as Chemical, Petrochemical, Refinery, Oil & gas, Power, Fertilizer, Food and allied industries.

Post pandemic, all these sectors have announced expansion of current capacities in terms of Brown Field and Green field projects. It also includes Project supported by government under Make In India initiative and other related schemes.

Furthermore, the current global economic scenario and rising input costs across the world gives an advantage to Indian manufacturing industry. Our company is well poised to leverage this favourable situation for exports as well. Our company has entered in new areas of business in related industries and will continue to explore opportunities both domestically and international business.
